Summary

Strategic UX leader with 9 years of experience driving design transformation across enterprise, SaaS, and manufacturing ecosystems. Proven expertise in modernising legacy workflows, building scalable design systems, and mentoring global design teams. I bridge user needs and business strategy to deliver measurable impact – improving adoption, streamlining operations, and elevating design maturity across organisations.

Key Achievements

- Transformed legacy manufacturing workflows for JSW Steel, improving usability and operational efficiency across multiple user groups.
- Built and scaled a unified design system across three geographies, improving design consistency and delivery speed by 40%.
- Created end-to-end design solutions that aligned UX outcomes with measurable business metrics, driving long-term client adoption.

Work Experience

Senior UX Lead | Infovision | Aug 2021 to July 2025 | 3 yrs 11 months

- Led and mentored a globally distributed UX team of 5 members across the US, Italy, and India, driving a unified design vision that improved consistency and reduced delivery cycles by 25%.
- Collaborated with Global UX Head and Senior Design Director to align design strategy with business goals, influencing product direction and fostering cross-functional alignment.
- Articulated design value through evidence-based storytelling, aligning user needs with business goals.
- Built trusted client partnerships across Telecom, Manufacturing, and eCommerce by addressing domain-specific challenges with tailored UX & UI solutions. Driving long-term design adoption aligned with business goals.
- Led scalable Design System to ensure visual consistency, streamline workflows, and support product growth.
- Drove accessibility implementation (WCAG 2.1) tailored to real user scenarios—such as high-noise environments or older user groups—ensuring inclusive, user-centric design.
- Integrated AI tools into the design process to streamline research analysis, generate content variants, and explore early-stage UI concepts—reducing turnaround time by 30%.

Product Designer

Siam Computing - Dec 2020 to Aug 2021 | 9 months

- Awarded Best Performer (2020) for driving client success by translating business needs into user-focused solutions and delivering intuitive, high-impact interfaces through structured ideation and design.

Senior User Experience Designer

Comodo Technologies Pvt Ltd - March 2018 to July 2019 | 1 yr 5 months

- Adapted research to business goals by combining interviews, surveys, SUS, and analytics. This mixed-method approach revealed key user pain points and validated patterns, enabling the team to prioritize high-value features. The outcome was a **25% increase in adoption** and **30% faster design cycles** through data-driven decisions.

Design Consultant

Nuo Transmedia Pvt Ltd - Apr 2014 to March 2018 | 4 yrs

- We design and develop small, user-friendly, and engaging mobile applications for both iOS and Android, ensuring a seamless and enjoyable experience for users.

Senior Graphic Artist

Emantras Interactive Technologies Pvt Ltd - Feb 2005 to March 2014 | 9 yrs 2 months

- Designed engaging eLearning content, interactive animations, and visual assets using Adobe Photoshop, Illustrator, Flash and Articulate Storyline, delivering visually compelling learning experiences.
